THE citizens living on Cypress street are making an effort to have pavements laid on that street from Fifteenth to Twelfth. Grocery Burglarized.

BURGARS entered the grocery of George Parris Tuesday night and stole several hams, some sugar and lard, and almost a barrel of coal oil. When Mr. Parris left the store that night everything was securely locked and fastened, and the next morning the door was found locked and the window was secured just as he left it the night before. He thinks the store was entered by means of a duplicate key. The police think they have spotted the guilty party.

Increase in Postal Business.

THE gross receipts of the Paris postoffice for the year just closed show an increase of a thousand dollars over the previous year. The receipts for the last quarter were \$2,567, and if this average continues during the year Paris will be entitled to free delivery.

Free delivery would compel the government to furnish a building for the postoffice, and furnish three superintendents at the office and two carriers.

Free delivery would be a great convenience for the citizens and it is hoped that the local office will be entitled to it before very long.

Deputy Postmaster Stivers tells THE NEWS that there is hardly a vacant box in the office and that the office is in a very healthy condition.

Handsome New Ambulance.

MR. J. T. HINTON has just added to his superb undertaking equipment a handsome ambulance, which is the finest in Kentucky. Mr. Hinton gave the order for the ambulance to Mr. Frank Woolall some eight months ago, and it is the largest and one of the finest ambulances ever made by the firm of Crane & Breed, of Cincinnati. The ambulance has plate glass sides, beautifully draped with silk, and the wheels are fitted with heavy rubber tires, which makes it especially desirable for moving sick or injured persons from one place to another. This ambulance was built to special order and is certainly a handsome vehicle. Mr. Hinton has also added two newly furnished carriages to his undertaking equipment, which is second to none in Kentucky.

If you cannot read this small print at a distance of 14 inches your eyesight is failing and should have immediate attention:

Imperial spectacles and eyeglasses have perfect lenses, always perfectly centered and made of purest material, set in frames of the highest elasticity and consequently of great durability, mated with the utmost lightness and elegance. When both frames and lenses are scientifically fitted by Dr. C. H. Bowen's system they always give satisfaction for they are perfect. Never buy cheap spectacles, nor of men who do not know how to fit them. You will get poorly adjusted spectacles, or poor, imperfect lenses, and are better off without any glasses than with either of these defects. Buy Imperial spectacles of a reliable, skillful dealer, and they will last longer without change and be cheapest in the end.

We have engaged the services of Dr. C. H. Bowen who will visit our store on the second and last Thursdays of each month and invite all to call and have their eyes examined, for which there is no charge. Satisfaction guaranteed or money refunded.
